MARK YOUR CALENDARS!

*Benchmark's Annual
Medical-Legal Meeting*

Mark your 2003 calendar for **Benchmark's Upcoming Education Events** wherein we bring together the medical, legal and insurance industry. Our next meetings will be held in Sacramento on **May 16th** and **October 3rd, 4th, and 5th**.

We will be offering CME and MCLE credit on a wide range of topics targeting the healthcare provider, the insurance and legal industry. Multiple break-out sessions will enable a unique and creative educational venue for all three professions.

The event will consist of interactive educational workshops, plus exhibits, food, and the chance to build relationships. ■

WOW WHAT A SUCCESS!

Benchmark hosted our first Open House and the response was GREAT! These days, time is a precious commodity. The goal behind the open house was to bring people together and give the legal and insurance industry an opportunity to meet healthcare consultants who utilize Benchmark's administrative support for the medical-legal consulting practices. It is always so nice to be able to place a face to the name of the people we have built relationships with over the years, as well as develop new relationships.

We hope that you will join us at our next open house in the spring. See you in 2003. Thanks to all of those who were in attendance. It was a very enjoyable time. ■
